

Confronting Climate Change The Alchemy of Abundance

Black Carbon into Healing Green
the dark side of soil fertility

9am - noon Saturday, May 9

The Lodge at Pony Farm

Putnam Road, Temple, NH

Learn to be **Earth aware** & CARBON-NEGATIVE

- ancient Amazon legacy to address our global ecological emergency
- simple, easy methods to make charcoal
- gasification to create smokeless combustion
- independence from fossil fuel & imported oil
- how to use charcoal to create super soil fertility
- grow food with superior nutritional quality, flavor & storage
- support **L**ocally **I**ntegrated **F**ood & **E**nergy (**LIFE**)
- why is carbon black?

New Revolutionary CARBON-NEGATIVE Strategy

to reverse climate change & reduce fossil fuel dependence

- Produce Renewable Biofuels
- Sequester Carbon in Soil
- Reverse Global Warming
- Create Sustainable Soil Fertility
- Grow Nutrient Dense Food

9am **Backyard Biochar**

Simple Equipment to Make Your Own Charcoal for Soil

10am **Soil, Carbon & Climate**

Carbon-Negative Strategy for Food, Fuel & Fertility

11am **Biochar in Soil to Grow Food**

Hands-on Instruction to Make & Use Biochar in Soil

noon **Potluck Lunch with the Northeast Network**

Food & Fellowship with Carbon Negative Pioneers

\$25
